We are honored that you've chosen to be our partner in DrScent, one of the leading scents solutions companies in the industry.

There is no formula for the key to success, but we know that everything counts here, every client, prospect, transaction, and relation.

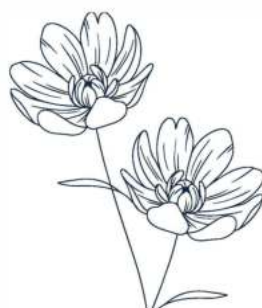

We have learned that customers will not be satisfied with words but with actions and experience. In a very competitive industry, that's what it takes to maintain market products, services, and leadership.

A stylized, handwritten signature in white ink. The signature is written in a cursive, flowing style. The word "hasan" is clearly legible in the center, with a long, sweeping horizontal stroke extending to the left and a large, circular flourish on the right.
